want to know from sponsor children how they are now and are they continuing their education? How this winter kits will be beneficial for them? Do you know who is giving this winter kits? Sponsor children replied to ED that they are continuing their education but facing difficulties to maintain family expenditure due to very low income and high cost of fooding, clothing and essential commodities. They also said this winter cloths will protect them form cold during schooling and at night to sleep at home with others members of the family. They also experss their happyness to reeive this winter kits package in right time. They said, manny many thanks to HCI for extending

hands to us with various support like house rent, food package, School uniform, school bag, education materials like excersise book, pen pencil, house hold utencil, washing materials, bead sheet , Mosqueto net and winter kits. May the alimighty Allah help HCI and their supporter/sponsor for helping us and other children who are underprevilaged and deprived from their education. We prayed for HCI and Sponsrs welbeing and sound health and long live. May Allah bless them Jannah for their cotribution and sacrifice for us (the sponsor children) they expressed. While they were asked will they sale this blanket? The children replied no, this blanket will protect our family from the cold, we can't buy this costly and comfortable blanket so we will never sale it. The children also wish for long lasting of SUROVI and long live of its founder Syeda Iqbalmand Banu for being
